

Electronic Device Policy

Purpose

This policy outlines the acceptable use of electronic devices to maintain a safe and secure educational environment with the goal of preparing students for the future, improving learning, and fostering digital citizenship. FCS will provide school-owned electronic devices for K-8 students. These devices are to be used for all FCS educational purposes and use of non school-owned electronic devices while on campus is prohibited.

Definitions

Electronic devices shall include all Chromebook devices. All other devices (laptops, tablets, etc.) are restricted.

Digital Citizenship is the norm of responsible behavior related to the appropriate use of technology. It encompasses digital literacy, ethics, etiquette, and online safety.

User is any individual granted authorization to use electronic devices. Users may include students, parents, staff, volunteers, visitors, contractors, or individuals employed by service providers.

1. Authorized Use of Electronic Devices

School-owned and assigned electronic devices shall be restricted to educational and administrative purposes in approved locations and times under the supervision of school personnel. Authorized users shall:

- use electronic devices in accordance with the expectations set forth in the school Code of Conduct and Internet Acceptable Use policy;
- comply with guidelines set by school personnel for the use of electronic devices while on school property or while engaged in a school-sponsored activity;

- take photographs and audio/video recordings only with a person's consent and when authorized by school personnel for educational purposes;
- access the school network using approved infrastructure only.

2. Responsibilities

- All users are responsible for:
 1. registering their loaned electronic device with the school and submitting a signed Use of Electronic Devices Agreement prior to connecting to the school network;
 2. ensuring electronic devices are used in accordance with school policies and procedures;
 3. caring, maintaining, securing, and storing electronic devices;
 4. preserving privacy of accounts, login names, passwords, and/or lock codes to maintain security of electronic devices and data;
 5. maintaining safe and productive learning environments when using electronic devices;
 6. practicing digital citizenship.
- All administrators are responsible for:
 1. informing users of school policy;
 2. establishing and monitoring digital citizenship through the school Code of Conduct and Internet Acceptable Use policy;
 3. responding effectively to disciplinary issues resulting from inappropriate electronic device usage;
 4. communicating appropriately with school personnel, parents, and students if school policy is violated from electronic device usage;
 5. providing information to users explaining how to connect electronic devices to the school network.

- Teachers are responsible for:
 1. creating equitable learning opportunities that include electronic devices for education purposes when relevant to curriculum and instruction;
 2. determining when students are able to use electronic devices for education purposes;
 3. supervising student use of electronic devices;
 4. responding effectively to disciplinary issues from inappropriate electronic device usage;
 5. communicating appropriately with administrators, parents, and students if school policy is violated from electronic device usage.
- Students are responsible for:
 1. using electronic devices for educational purposes in approved locations under the supervision of school personnel only;
 2. reporting any inappropriate electronic device usage to a teacher or administrator immediately;
 3. ensuring their electronic devices are charged prior to bringing them to school;
 4. continuing to learn using an alternative method if an electronic device malfunctions.
- Parents are responsible for:
 1. helping their children take all reasonable steps to care, maintain, secure, store, and transport their school-owned electronic device;
 2. helping their children preserve the privacy of accounts, login names, passwords, and/or lock codes;
 3. encouraging their children to follow school policy and practice digital citizenship;
 4. contacting the school office to communicate with their child during the school day, instead of using text messages, emails, phone calls, or other digital means that have no curriculum related/education purpose;

5. assuming all responsibility for their child's unauthorized use of non-school internet connections.

3. Unauthorized Use of Electronic Devices

Prohibited uses of electronic devices includes, but are not limited to:

- areas where there is a reasonable expectation of privacy, such as locker rooms or restrooms;
- circumventing school's approved network infrastructure to access internet connections using an external wireless provider;
- downloading files that are unrelated to educational activities;
- viewing and/or sharing pornography or sexually explicit material
- engaging in non-educational activities such as playing games, watching videos, using social media, listening to music, or texting;
- cheating on assignments or tests;
- accessing information that is confidential;
- using photographs and audio/video recordings for a purpose unrelated to the school assignment;
- obtaining unauthorized access and using it to alter, destroy, or removing data;
- engaging in cyberbullying which involves using technology to harass, threaten, embarrass, or target another person;
- infecting a device with a virus or other program designed to alter, damage, or destroy;
- committing a crime under federal, provincial, and/or municipal statutes;
- infringing upon copyright laws or plagiarizing protected information;
- using network resources for commercial or political party purposes.

4. Consequences: Remedial and Disciplinary Action

- Individuals who do not comply with this Policy will be subject to appropriate consequences consistent with the school Code of Conduct and Internet Acceptable Use Policy.

- Consequences may include, but are not limited to, the following, either singularly or in combination depending on the individual circumstances:
 1. confiscation of device;
 2. notification of law enforcement or other authorities if illegal activity is suspected;
 3. limitations, suspension, and/or revocation of access privileges to personal and school technology resources;
 4. disciplinary measures, up to and including suspension or expulsion;
 5. legal action and prosecution by relevant authorities.

5. Liability

- Users are solely responsible for the care and use of electronic devices.
- The school and school personnel shall not be liable for the loss, damage, misuse, or theft of any school-owned electronic device: possessed/used during the school day; in/on school buildings, or property; during transport to/from school; while attending school-sponsored activities.
- While damage to a school owned device caused by negligence or carelessness on the part of a student will not be treated as a disciplinary matter, such negligence will require the student/family to pay for any repairs or replacement costs for the damaged device.
